

GAUTAM MEHTA

Frontend Developer

Mumbai, Maharashtra 📍 +91-8433635727 ✉ gautammehtayt@gmail.com [in linkedin.com/in/gautammehta](https://www.linkedin.com/in/gautammehta)

Skills

Frontend Technologies: React.js, JavaScript (ES6+), HTML5, CSS3

UI Libraries & Tools: Tailwind CSS, Bootstrap, Material UI

Tools: Git, GitHub, VS Code, Chrome DevTools

Other Skills: Responsive Design, API Integration, Performance Optimization

Projects

SmartHire — Job Application Tracker (Full Stack Web App)

[Live Demo](#)

- Developed dynamic job dashboard with real-time updates and status tracking (Applied, Interview, Rejected)
- Implemented advanced filtering and search functionality for efficient job management
- Integrated data visualization (charts) to track application progress and insights
- Designed responsive and scalable UI using React and Tailwind CSS
- Deployed on Netlify with environment variable configuration
- **Tech Stack:** React.js, JavaScript, Framer, Recharts, Tailwind CSS, Supabase, Netlify.

GITHUB USER FINDER

[Live Demo](#)

- Built a **dynamic GitHub Profile Explorer** using React.js to fetch and display real-time user data including bio, follower metrics, and top repositories via GitHub REST API
- Implemented asynchronous data handling (async/await) with robust error handling, loading states, and invalid username feedback to enhance user experience.
- Optimized component rendering using React Hooks (useState, useEffect) for efficient state management and seamless UI updates.
- Designed a responsive and clean UI using modern CSS, ensuring cross-device compatibility and smooth user interaction.
- **Tech Stack:** React, JavaScript (ES6+), GitHub REST API, CSS, Git, Netlify.

ONESTEP — Smart Todo Application

[Live Demo](#)

- Built a feature-rich task management application with real-time validation and persistent storage using LocalStorage API, ensuring seamless user experience across sessions.
- Implemented modular and scalable code architecture, improving maintainability and enabling easy feature expansion.
- Designed efficient state handling and DOM updates using vanilla JavaScript, optimizing performance and minimizing re-renders.
- Integrated input validation and edge-case handling to prevent invalid data entry and improve application reliability.
- **Tech Stack:** HTML5, CSS3, JavaScript, LocalStorage API, Git.

Certifications

- **EduSkills Web Development (2025):** Completed hands-on training in core web technologies including HTML5, CSS3, and JavaScript, with a focus on building responsive layouts, DOM manipulation, and interactive user interfaces through practical projects. C. No.: af94cb11dff3e00005067e8ae2d35b93

Education

M.Sc. Computer Science

NAGINDAS KHANDWALA COLLEGE, MUMBAI, MAHARASHTRA

Graduated: 2026

CGPA: 8.82 / 10

B.Sc. Computer Science

NAGINDAS KHANDWALA COLLEGE, MUMBAI, MAHARASHTRA

Graduated: 2024

CGPA: 8.5 / 10
